

OUTLANDER PHEV

MORE CAPABLE THAN EVER BEFORE.

Experience driving pleasure at a whole new level with the Plug-in Hybrid EV SUV. Motors at each axle and an efficiently powerful petrol engine work together to optimise performance for driving needs. Enjoy new adventures as well as the daily commute with the new OUTLANDER PHEV's responsive control and quiet comfort.

∞ ELECTRIC & MORE

INSTYLE PREMIUM / Red Diamond [P62]

Note: Equipment may vary by market. Please consult your local Mitsubishi Motors dealer/distributor for details.

ELECTRIC & HERITAGE

MORE HISTORY, MORE EVOLUTION

Mitsubishi Motors has a long and proud history of electric vehicles and rallies that goes back over 50 years. The technologies and know-hows achieved through relentless R&D and rallies are fed back into the production vehicles in our pursuit to deliver the utmost driving pleasure and safety. Our latest PHEV technology too is the result of a long history of EV development and grueling rallies.

Mitsubishi Motors, a World Pioneer of EVs

Mitsubishi Motors has been a dominant force in electric vehicle development since the 1970s, launching i-MiEV, the world's first mass-produced EV, in 2009, along with the Outlander PHEV, the world's first Plug-in Hybrid SUV* in 2013. With total sales reaching 200,000 units in 2019, the Outlander PHEV is the world's best-selling Plug-in Hybrid SUV**.

* Mitsubishi Motors research. ** Mitsubishi Motors research as of June 2019.

Mitsubishi Rally DNA

Demonstrated by the evolution of the Lancer Evolution over two decades, many Mitsubishi Motors technologies have been developed through intimate ties to rallies. The latest Outlander PHEV too shares the same approach, through direct feedback of technologies leveraged in the Asia Cross Country Rallies in 2013 and 2014, and Baja Portalegre 500 in 2015. The engine, motors, battery, PHEV control and 4WD control have been further refined for a motor drive that delivers graceful comfortable performance.

MORE TO EXPLORE. MORE PLEASURE.

If you think 4-wheel drive SUVs are hard on the environment, then you needn't worry with the OUTLANDER PHEV. It provides ample SUV power, handling, driveability and versatility to take you and your passengers to adventurous places, yet the electric Twin Motors deliver a high level of eco-considerate performance, outstanding fuel efficiency and a smooth, quiet ride. Combined with a spacious luggage compartment to carry everyone's gear, you're ready to go with absolute confidence.

ELECTRIC & SUV

Note: Equipment may vary by market. Please consult your local Mitsubishi Motors dealer/distributor for details.

INSTYLE PREMIUM / Silky White Pearl [W13]

MORE PERFORMANCE. MORE FUN.

Experience the evolution of the PHEV through the revamped Plug-in Hybrid System. A further advanced Twin Motor 4WD delivers responsive and smooth performance from the moment you step on the accelerator, adding more four-wheel fun to almost any situation. This driving sensation unique to the OUTLANDER PHEV is sure to get you hooked.

ELECTRIC & AGILE

Note: Equipment may vary by market. Please consult your local Mitsubishi Motors dealer/distributor for details.

INSTYLE PREMIUM / Ruby Black Pearl [X40]

INSTYLE PREMIUM / Black leather with diamond quilting interior

THE IDEAL DRIVER'S ENVIRONMENT

Discover dynamic elegance behind the steering wheel of the OUTLANDER PHEV. Stylish ergonomically arranged intelligent controls and displays together with premium audio keep you informed and entertained to boost your driving pleasure. Attention to luxury, emphasised with abundant legroom, high quality leather seats, soft padded surfaces, a lustrous dashboard and centre console and more will elevate your pride of ownership. Welcome to your exclusive space.

Note: Equipment may vary by market. Please consult your local Mitsubishi Motors dealer/distributor for details.

INSTYLE PREMIUM / Black leather with diamond quilting interior

SPACIOUS COMFORT AND REFINEMENT

Enter an oasis of comfort and refinement where driving pleasure is further enhanced with all-round roominess, luxurious amenities and a supremely quiet ride. All seats are meticulously finished with high-quality material. Front seats provide body-hugging support around corners, and rear passengers also benefit with extra supportive seatbacks and their own air conditioning vents. Riding an SUV has never been this relaxing.

Note: Equipment may vary by market. Please consult your local Mitsubishi Motors dealer/distributor for details.

INNOVATION WITH A PERFORMANCE EDGE

Dramatic refinement has come to the innovative Plug-in Hybrid EV system, which now features a higher-output rear motor, a more fuel-efficient engine and more sophisticated power management based on unrivaled experience for supreme silence, smoothness and torque.

1. Twin motor 4WD and S-AWC

Separately mounted motors at the front and rear axles deliver incredibly responsive 4WD performance with S-AWC ensuring excellent driving stability and intuitive, linear handling.

2. New 2.4-litre engine

The supremely efficient Atkinson-cycle engine with long expansion stroke provides high fuel economy and low CO₂ emissions.

3. Generator

The high-performance generator transforms engine power into electricity to recharge the drive battery and assist the motors when needed.

4. Front Motor PDU & Rear EMCU

These intelligent control units contribute to heightened energy efficiency and optimal motor control with instant maximum torque that outperforms a 3.0-litre petrol engine.

5. Drive battery

The large-capacity 13.8kWh battery is stored under the floor to maximise interior space and lower the centre of gravity for improved safety and handling. Stored electricity can also be used to power external appliances.

Automatically selected drive modes

ELECTRIC DRIVING

EV Drive Mode: Electric power only

The motors power the vehicle using electricity from the battery, resulting in zero fuel consumption and zero CO₂ emissions. This drive mode is quiet, clean and powerful. Maximum speed is 135 km/h.

HYBRID DRIVING

Series Hybrid Mode: Electric power + engine assistance

The motors power the vehicle using engine-generated electricity. The engine generates electricity when the battery level is low and to increase power when accelerating rapidly or climbing hills.

Parallel Hybrid Mode: Engine power + motor assistance

The engine powers the vehicle (at high speeds, etc. when engine efficiency is high) with assistance from the motors when extra power is required.

MORE CONTROL WHILE YOU DRIVE.

Your wish is the OUTLANDER PHEV's command. Twin Motor 4WD teams with S-AWC to deliver torque and traction to each wheel. You'll feel like the master of the road. The new higher-output rear motor delivers more responsive acceleration, more stability and better control—especially in the new SPORT and SNOW modes.

INSTYLE PREMIUM / Titanium Grey Metallic [U17]

S-AWC (SUPER ALL WHEEL CONTROL)

This integrated control system, only available from Mitsubishi Motors, delivers incredible power and control. By optimally managing AYC (Active Yaw Control), ABS (Anti-lock braking system) and Active Stability Control [ASC] with Traction Control [TCL], it brings out the full potential of Twin Motor 4WD without compromising safety, comfort or fuel efficiency. A new Drive Mode Switch lets you select NORMAL mode for regular driving conditions, SNOW Mode for easier starts and more secure cornering on snow-covered roads, or LOCK Mode to simulate locking of a centre differential and optimally distribute torque to all four wheels for improved traction and stability. A separate SPORT Mode Switch lets you activate the SPORT Mode in any drive mode for quicker response on winding roads.

SPORT Mode
(dry winding roads)

NORMAL Mode
(dry paved roads)

SNOW Mode
(snow-covered roads)

LOCK Mode
(rough dirt and gravel roads)

STRUCTURAL ADHESIVES

Structural adhesive bonding on the door and tailgate openings increases coupling rigidity between body panels for improved steering stability.

REFINED SHOCK ABSORBERS

New larger diameter rear shock absorbers and newly tuned front struts help ensure ideal damping at all speeds.

Note: Equipment may vary by market. Please consult your local Mitsubishi Motors dealer/distributor for details.

TOMORROW'S EFFICIENCY TODAY

The innovative Plug-in Hybrid EV system is remarkably eco efficient. Enjoy zero fuel consumption and zero CO₂ emissions during all-electric driving – as well as an incredibly quiet ride. Or enter a hybrid mode to travel even greater distances with low emissions and high fuel efficiency. You can even generate electricity as you drive to enjoy vast stretches of wilderness with total confidence.

INSTYLE PREMIUM / Silky White Pearl [W13]

INFORMATIVE POWER METER

What is the status of the engine? The motor? The power meter indicates energy usage, regenerative power, engine power (kW), EV output and more for easy confirmation.

CHARGE AND SAVE

Control over battery usage is at your fingertip command using the integrated SAVE CHRG button. Select SAVE before EV driving to maintain the battery level. Or choose CHRG to charge the battery via engine while driving.

SPECIAL PHEV DISPLAY FUNCTIONS

The Multi-information Display shows various PHEV display functions including driving range indicator, EV Drive ratio indicator and energy flow indicator.

Driving range indicator

EV Drive ratio indicator

Energy flow indicator

EV Switch

Press the EV switch to enter the EV Priority Mode and help prevent the engine from starting*. It allows you to manually select all-electric driving via Twin Motor 4WD for zero fuel consumption and a quiet ride without engine noise.

* Please see the owner's manual for details

REGENERATIVE BRAKING LEVEL SELECTOR (PADDLE TYPE)

Located on the steering wheel, the convenient regenerative braking level selector lets you easily adjust regenerative braking strength to any of six settings*.

* Except when Adaptive Cruise Control [ACC] is active.

ENERGY MANAGEMENT

Efficient energy management allows concurrent use of various power features – including the air conditioner and audio system – even while charging the battery. A screen also displays the current energy flow, expected charging time and more to keep you informed.

EASY CHARGING AT HOME AND WHILE TRAVELLING

Simply connect the OUTLANDER PHEV with a power outlet at home to charge the drive battery. You can charge while sleeping in around five and a half hours* with the onboard charger and charging cable. Or use the quick charger to charge in as little as 25 minutes (up to 80% capacity) at commercial charging facilities. Charging status is conveniently displayed on the instrument panel.

* With 230V/10A electric power supply. Seven hours with 230V/8A electric power supply.

Regular charging
Conveniently charge at home.

Quick charging
When travelling, use the quick charger to save time.

ECO Score

Indicates the eco-friendliness of your driving. The more green leaves, the better.

ECO Mode Control

Press for more energy-efficient use of the motors, engine and air conditioning.

Note: Equipment may vary by market. Please consult your local Mitsubishi Motors dealer/distributor for details.

TECHNOLOGY FOR ALL AROUND SAFETY

Advanced safety technology supports safer, more confident driving – on the road and in parking lots, day and night. From intelligent sensors that track your surroundings and warn you of danger to active driving assistance and solid passive protection, the OUTLANDER PHEV delivers all around high levels of safety.

FORWARD COLLISION MITIGATION SYSTEM [FCM]

Helps prevent a frontal collision or reduce damage if the collision becomes unavoidable. Responds to vehicles and pedestrians via camera and laser radar.

Danger of collision

Warning + braking assistance

High danger of collision

Warning + auto braking

Extremely high danger of collision

Warning + strong auto braking

ADAPTIVE CRUISE CONTROL SYSTEM [ACC]

Maintains a selected distance between your vehicle and the car ahead via radar for greater safety and peace of mind. It reduces driver stress especially during traffic jams on highways.

No vehicle in front

Your selected speed is maintained even if you remove your foot from the accelerator pedal.

Vehicle in front

Your selected distance between vehicles is maintained.

Vehicle in front (slowing/stopping)

When the vehicle in front slows or stops, ACC slows or stops your vehicle.

REAR CROSS TRAFFIC ALERT [RCTA]

An indicator appears in the combination meter display when RCTA is active. If radar sensors in the rear bumper detect an approaching vehicle nearby while reverse gear is engaged, a warning message appears in the multi-information display, a buzzer sounds and an indicator blinks in both door mirrors.

Note:
FCM: The detection and control capabilities of Forward Collision Mitigation [FCM] are supplemental only and do not prevent collisions in every situation. Please drive safely and do not rely solely on this system while driving. FCM operates when a vehicle is in front of your vehicle. FCM is also designed to detect pedestrians, but may not detect them or be activated in some situations. Auto braking is activated for a car ahead when your vehicle is travelling at a speed of approx. 5km/h to 80km/h and for a pedestrian ahead at approx. 5km/h to 65km/h. Since FCM has no function to maintain braking, the brake is released approximately 2 seconds after stopping. To prevent the vehicle from rolling thereafter, the driver may have to hold the brake pedal down. In some cases, FCM may not function if the driver takes actions for accident avoidance through steering or acceleration operation. If you have any questions, please consult your local Mitsubishi Motors dealer/distributor for details.

ACC: The detection and control capabilities of ACC are supplemental only. Please drive safely and do not rely solely on this system while driving. ACC may not be activated in some situations. This system may not correctly detect the actual situation depending on the type of vehicle in front and its conditions, the weather conditions, and the road conditions. Additionally, the system may be unable to decelerate sufficiently if the vehicle in front applies the brakes suddenly or another vehicle cuts into your path, so your vehicle approaches the front vehicle. If you have any questions, please consult your local Mitsubishi Motors dealer/distributor for details.

RCTA: Do not rely solely on this system, which may not detect all moving vehicles in certain conditions. Drivers are fully responsible for their own safe driving. The radar wave graphics are for illustrative purposes only and do not represent the actual sensor application. Please see the owner's manual for additional information.

Note: Equipment may vary by market. Please consult your local Mitsubishi Motors dealer/distributor for details.

LANE DEPARTURE WARNING [LDW]

This feature beeps and displays a warning if the vehicle drifts from its lane while the turn signals are not operating.

LDW indication on multi-information display

AUTOMATIC HIGH-BEAM

To increase safety, comfort and driving ease at night, the high beams automatically switch to low beams when vehicles are detected ahead and automatically switch back to high beams so you don't have to remove your hand from the steering wheel to switch the beams manually.

High-beam

Low-beam

BLIND SPOT WARNING [BSW]

This safety feature uses radar sensors in the rear bumper to detect vehicles in your rear blind spots, on the right and left sides. An indicator appears in the door mirror when BSW is active and the turn signals are off. When a vehicle is detected while the turn signal is on, an indicator blinks in the corresponding door mirror and a buzzer sounds.

ULTRASONIC MISACCELERATION MITIGATION SYSTEM [UMS]

To help prevent collisions while parking, a buzzer sounds and a warning displays if front or rear sensors detect a nearby obstacle. Motor output is also controlled if you suddenly accelerate by accident.

Alarm and display warning

Motor output control activates:
- When driving at very low speeds (not in N or P position)
- When obstacle/vehicle is within a short distance
- When accelerator pedal is pushed hard or abruptly
- When driver is not turning to avoid obstacle/vehicle

RISE BODY

Collision safety performance is significantly enhanced by Mitsubishi Motors' RISE (Reinforced Impact Safety Evolution) body, which efficiently absorbs energy and maintains high cabin integrity in the event of a collision.

Note:
LDW: Lane Departure Warning is not designed to lessen risks associated with not looking ahead carefully (attention drawn to something on the side, absentmindedness, etc.) or poor visibility caused by bad weather, etc. It is designed to detect the lane at a speed of approx. 65km/h or more. Keep steering your vehicle correctly and drive safely. The system may not be able to detect the lane correctly in some conditions. Please see the owner's manual for additional information.

AHB: This system activates at a speed of approx. 40km/h or more and deactivates at lower speeds. Please see the owner's manual for additional information.

BSW: The detection and control capabilities of Blind Spot Warning [BSW] are supplemental only and do not warn you of vehicles in blind spots in every situation. Please do not rely solely on this system while driving. Blind Spot Warning may not operate normally in some cases, depending on traffic, weather, road surface conditions and the presence of obstructions. Drivers are fully responsible for their own safe driving. The radar wave graphics are used for illustrative purposes only and do not represent the actual sensor application. Please see the owner's manual for additional information.

UMS: The detection and control capabilities of Ultrasonic misacceleration Mitigation System [UMS] are supplemental only and do not prevent misacceleration in every situation. Please drive safely and do not rely solely on this system while driving. To prevent the motor output control provided by UMS from causing an impediment during normal driving in rough-road driving conditions, the system automatically de-activates and indicates UMS OFF in the meter cluster when the FCM function is OFF or the ASC function is OFF. No function completely stops the vehicle via the automatic braking. The vehicle may creep forward or backward even when motor output is regulated. The sensing system may not work for netlike and sharp-edged obstructions that do not sufficiently reflect ultrasonic sound. UMS does not include a function which keeps the vehicle stationary. The driver is responsible for stopping the vehicle by pressing the brake pedal as required by the driving conditions. The ultrasonic sensor wave graphics are for illustrative purposes only and do not represent the actual sensor application. Please see the owner's manual for additional information.

FEATURE HIGHLIGHTS

INSTYLE PREMIUM / Sterling Silver Metallic [U25]
(Courtesy of Yamaha Motor Co., Ltd.)

ELECTRIC HEATER

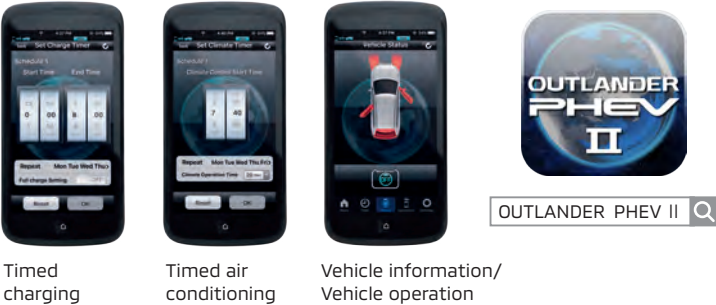

The electric heater uses the electric water pump to circulate hot water and warm the cabin even if the engine isn't running, such as during EV driving. So you can run it early in the morning or late at night without bothering the neighbours. In extremely cold weather, the electric heater can also be used to supplement heat generated by the engine.

MITSUBISHI REMOTE CONTROL

For convenience, use your smartphone to remotely control the charging timer, reschedule charging for late at night when electricity fees are low, monitor the remaining charge time and more. The latest Mitsubishi Remote Control app enables immediate or timer activation of cabin cooling or heating.

Note: The vehicle and smartphone must be connected by wireless LAN. Some smartphones may not be supported. The cooling function can only be operated remotely in models without the electric heater. Pre-heating requires the electric heater.

AC 1500W POWER SUPPLY (PLUG: F TYPE)

One power outlet behind the centre floor console and another in the luggage area on the lower quarter trim panel provide up to 1500W of power from the drive battery, enough to run appliances at a campground or at your home during a power outage.

Note: Some appliances may not be used even if they exceed the rated power consumption of 1500W. Please see the user manual for additional information.

Centre floor console outlet

Luggage area outlet

CHARGING CABLE STORAGE

A storage space beneath the rear luggage area floor is ideal for conveniently storing the charging cable.

Note: Equipment may vary by market. Please consult your local Mitsubishi Motors dealer/distributor for details.

Note: The trailer hitch, bracket and wiring harness shown are not factory options, but are separately available. The Ultrasonic misacceleration Mitigation System [UMS] may not operate because the sensor cannot detect the vehicle in front or obstacle when towing. Set the Blind Spot Warning system [BSW] and Rear Cross Traffic Alert [RCTA] to OFF when towing. Please consult your local Mitsubishi Motors dealer/distributor for details about towing.

Note: Equipment may vary by market. Please consult your local Mitsubishi Motors dealer/distributor for details.

FEATURE HIGHLIGHTS

LED HEADLAMPS WITH LED DAYTIME RUNNING LAMPS AND LED FRONT FOG LAMPS

The stylish headlamps feature LED lighting for both the high and low beams. The LED fog lamps illuminate the road ahead with white light.

HEATED WINDSCREEN

Heated wires throughout the windscreen clear the glass of fog or frost to secure forward visibility in less time than by using the heater/defroster.

KEYLESS OPERATION SYSTEM [KOS]

When carrying the key, you can press a button on the outside of the front doors or tailgate to lock or unlock all the doors and tailgate, and press the power switch in the cockpit to start the Plug-in Hybrid EV System.

POWER LUMBAR SUPPORT

Power lumbar support offers easy fore and aft seatback pressure adjustment, reducing strain to the lower back to enhance driving comfort. Together with the other seat functions you can select the optimal driving position to match your physique.

ROOF RAILS

Practically designed roof rails handsomely match the sleek roof.

ELECTRIC TAILGATE

The tailgate can be opened and closed automatically from a switch located near the driver's seat.

HEATED STEERING WHEEL

The heated steering wheel supports more comfortable operation in chilly weather. Its power switch is conveniently located on the centre panel.

ELECTRIC PARKING BRAKE WITH BRAKE AUTO HOLD

The parking brake on the floor console is easy to operate via stylish switch. Simply pull the switch up to apply the parking brake or push the switch down to release it. While stopping at a stoplight, Brake Auto Hold keeps the vehicle stationary even if you release your foot from the brake pedal. Pressing the accelerator releases the brakes.

REAR SPOILER

The rear spoiler has been optimised to further improve aerodynamic performance.

ANTI-TRAPPING ELECTRIC SUNROOF

A sunroof with tilt, sliding and anti-trapping features lets you bring in the sunlight and fresh air.

REAR VENTS

Adjustable vents are provided in the rear console to keep rear passengers comfortable.

SMARTPHONE LINK DISPLAY AUDIO

Go where you want, when you want. Discover new places and new entertainment. Smartphone link Display Audio (SDA) helps you find such moments. The large 8-inch touch screen lets you intuitively operate music playback and calls with voice actions for a more enjoyable and safer drive. In addition, Smartphone link Display Audio (SDA) navigation system is also available.

NAVIGATION

Multifunctional memory navigation with high resolution, high definition WVGA display includes a user-friendly interface and voice command functions. It also displays the traffic information and current speed limit for easier recognition and safer driving.

PHEV INFORMATION

Graphic displays including an Energy Monitor, and Energy Flow and Trip information, allow you to check various PHEV information at a glance. The Charging Timer and Remote Climate Control can also be set from the display*.
* Available only for models equipped with Mitsubishi Remote Control.

MULTI AROUND MONITOR

The views from cameras mounted on the front, rear and sides of the vehicle (including a bird's-eye view) can be displayed in various combinations to reveal what is in blind spots and help you park more safely.

Android Auto™

For more information: www.android.com/auto/

By just connecting your Android™ Smartphone to SDA, you can operate your favorite apps through voice commands, letting you focus on the road for safer driving.

MAPS
No more needing to update your GPS maps. Using Google Maps' real time traffic conditions and constantly updated maps, you'll never get lost again.

PHONE
You can make calls and check voicemail hands-free.

MESSAGES
Have your messages read to you, or write and send your own, all through voice commands.

MUSIC
Discover new songs and make your own playlist out of the 40 million songs in the Google Play Music. Prepping for a drive has never been so fun!

VOICE CONTROL
Hold down the steering wheel button or say "OK Google." The Google Assistant is your own personal Google, always ready to help.

APPS
Easily access your favorite apps like WhatsApp, Spotify, and more. The list of compatible apps continues to grow.

Apple CarPlay

For more information: www.apple.com/ios/carplay/

Connecting your iPhone to SDA lets you easily operate maps, music, calls, messages and more through Siri. SDA helps you intuitively do what you want on your iPhone, even on the road.

MAPS
Use Apple Maps to set your destination. You can also use it to search for things like nearby restaurants and parking, or to estimate time needed for side trips.

PHONE
Just ask Siri to make calls and check voicemail.

MESSAGES
Leave it to Siri to read out, reply and send your messages so you can focus on driving.

MUSIC
Tell Siri the name of artist or song and listen to the music you love from Apple Music, or your other audio apps.

Siri
Just hold down the steering wheel button to call Siri up. "Play Music," "Where's the closest gas station?"...Siri's the perfect partner for a drive.

APPS
You can use a number of audio, messaging, and voice calling apps with Apple CarPlay. You can use a number of audio, messaging, voice calling, and 3rd navigation apps with CarPlay.

Note:
■ Please refer to page 37 for more details.
■ Google, Android, Android Auto and other related marks are trademarks of Google LLC.
■ iPhone, Siri and Apple CarPlay are trademarks of Apple Inc., registered in the U.S. and other countries.

Note: Equipment may vary by market and other conditions. Please consult your local Mitsubishi Motors dealer/distributor for details.

DISPLAY AUDIO

Controlling the audio system is easy on the 6.1-inch QVGA touchpanel display, which can also display the views from the rearview camera.

CD/MP3 PLAYER

A quality CD/MP3 player enables easy connection with a digital audio player for listening pleasure.

USB PORT

The port is conveniently located near the instrument panel, allowing easy access from both front seats.

BLUETOOTH® HANDS-FREE KIT

Keep in touch while keeping safely in control with the hands-free kit. Link your Bluetooth®-compatible mobile phone, and the voice-activated dialer lets you make calls while holding the wheel.

Mitsubishi Power Sound System [MPSS]

Exclusively developed by Mitsubishi Motors, MPSS delivers clean, smooth and fresh acoustics expected of a premium car audio system. Eight speakers, including four glass fibre cloth with aluminium vapour cone door speakers and two titanium dome diaphragm tweeters surround the entire cabin with spectacular sound performance.

THE SPIRITED S EDITION

Satisfy your passion for driving pleasure with the OUTLANDER PHEV S Edition. A special edition black leather interior with diamond-stitched seats conveys elite sophistication. Bilstein shock absorbers deliver more linear handling. And aluminium pedals enhance refinement and control. It's the privileged choice of demanding drivers.

S EDITION / Red Diamond [P62]

Note: Equipment may vary by market. Please consult your local Mitsubishi Motors dealer/distributor for details.

S EDITION / Black leather with diamond quilting interior

ALUMINIUM PEDALS

Note: Equipment may vary by market.
Please consult your local Mitsubishi Motors dealer/distributor for details.

BILSTEIN SHOCK ABSORBERS

Highly responsive Bilstein shock absorbers dramatically improve handling and stability.

Note:
Bilstein® is a registered trademark of ThyssenKrupp Bilstein GmbH.
Actual product may differ from photo shown.

EQUIPMENT LEVEL

S EDITION

Key features (in addition to INSTYLE PREMIUM)

- 18" x 7.0J alloy wheels (dark chrome)
- Bilstein shock absorbers
- Front grille (dark chrome)
- Glossy black door sashes
- Front skid guard (colour-keyed)
- Rear skid guard (colour-keyed)
- Black roof rails
- Aluminium acceleration and brake pedals
- Anti-trapping electronically controlled sunroof with sunshade (tilt and sliding)

EQUIPMENT LEVEL

INSTYLE PREMIUM

Key features (in addition to INSTYLE)

- Blind Spot Warning [BSW] with Lane Change Assist
- Adaptive Cruise Control [ACC] system
- Rear Cross Traffic Alert [RCTA]
- Ultrasonic misacceleration Mitigation System [UMS]
- Accent panel / door trim panels / floor console panel (morphing black) with silver moulding
- Smartphone - link Display Audio (SDA) with navigation system Mitsubishi Power Sound System 510W, 8 speakers + USB port (instrument panel, Rear side of centre armrest)
- Steering wheel camera switch
- Front and rear leather seats with diamond quilting (8-way power adjustable driver's seat, front seat heaters, driver's and front passenger's seatback pockets)
- Multi Around Monitor

INSTYLE

Key features (in addition to INTENSE+)

- Forward Collision Mitigation [FCM] system
- Lane Departure Warning [LDW] system
- Automatic high-beam
- Electric tailgate
- LED headlamps with auto levelling
- LED front fog lamps with silver bezel
- Optional shown:**
 - AC 1500W Power Supply (Plug: F type)

EQUIPMENT LEVEL

INTENSE+

Key features (in addition to INTENSE)

- 17" front ventilated disc brakes
- Corner sensors
- 225/55R18 tyres and 18" x 7.0J alloy wheels
- Mitsubishi Remote Control with timed-charging cancellation switch
- Electric heater
- Comfort Tech [C-TEC] seats
- Accent panel / door trim panels / floor console panel (piano black) with silver moulding
- Smartphone - link Display Audio (SDA) , 6 speakers + USB port (instrument panel, Rear side of centre armrest)

- Optional shown:**
- Heated steering wheel

INTENSE

Key features

- 16" front ventilated disc brakes
- Driver's and front passenger's SRS airbags, side airbags & curtain airbags for 1st and 2nd rows
- Driver's SRS knee airbag
- Active Stability Control [ASC] with Traction Control [TCL] system
- Super All Wheel Control [S-AWC]
- Acoustic Vehicle Alerting System [AVAS]
- Tyre Pressure Monitoring System [TPMS]
- 215/70R16 tyres and 16" x 6.5J alloy wheels
- Chrome beltline mouldings
- Colour-keyed door mirrors and side turn lamps, electronically controlled with defoggers and folding function
- High regenerative brake stop signal
- Silver roof rails
- Rear spoiler
- 4WD selector on floor console (4WD lock / snow mode / normal mode)
- SPORT mode switch
- EV switch
- Soft upper surface instrument panel, meter hood and front door trims with stitches
- Four-spoke leather wrapped steering wheel with stitches
- Accent panel / door trim panels / floor console panel (piano black) with silver moulding
- Auto dimming rear view mirror
- Sunglass pocket
- Foot lamps (driver and front passenger)
- Electric Parking Brake / Brake Auto Hold
- Quick charger
- Regenerative braking level selector (paddle type)
- Cruise control (including steering wheel remote control switches)
- Speed limiter (including steering wheel remote control switches)
- High contrast back-lit meters and gauges
- Colour liquid crystal multi-information display
- Keyless Operation System [KOS] with two Keyless Operation Keys and power switch
- Dual-zone automatic climate control air conditioning system
- Power lumbar support (driver's side)
- Rear vents
- USB port (rear side of centre armrest x 2)
- Rain sensor
- Auto light control
- Privacy glass (rear door, quarter window, tailgate)
- Halogen headlamps with manual levelling
- Halogen front fog lamps with chrome ring
- LED Daytime Running Lamps [DRL]

- Optional shown:**
- Display audio with LW/MW/FM radio, CD/MP3 player, 6 speakers and rear view monitor/camera

WARNING
• Individuals who use implantable pacemakers or implantable cardioverter-defibrillators should keep away from the keyless operation system.
The electromagnetic waves used in the keyless operation system may affect the operation of implantable pacemakers and implantable cardioverter-defibrillators.
• Individuals using other electro-medical apparatuses should check with the manufacturer of the apparatus to confirm the effect of the electromagnetic waves used by the keyless operation system, as the electromagnetic waves may affect their operation.

TECHNICAL SPECIFICATIONS

Model	INTENSE		INTENSE+ / INSTYLE / INSTYLE PREMIUM		S EDITION	
Wheel drive					4WD	
Engine					2.4L	
Seating					5	
Steering					LHD	
Model code			GG3WXDHHZL6		GG3WXDPHZL6	
Engine						
Type					2.4-litre 16-valve DOHC MIVEC	
Total displacement	cc				2,360	
Injection system					ECI-MULTI (Electronic Controlled Injection)	
Emission level					Euro 6d-Temp-EVAP-ISC	
Max. output (EEC net)	kW (PS)/rpm				99 (135)/4,500	
Max. torque (EEC net)	Nm (kgf·m)/rpm				211 (21.5)/4,500	
Fuel System						
Fuel type					Unleaded (RON95 and over)	
Fuel tank capacity	litre				43	
Battery & Motors						
Battery						
Type					Lithium-ion	
Total voltage	v				300	
Capacity	kWh				13.8	
Front motor (S61)						
Max output	kW (PS)				60 (82)	
Torque	Nm (kgf·m)				137 (14.0)	
Rear motor (Y61)						
Max output	kW (PS)				70 (95)	
Torque	Nm (kgf·m)				195 (19.9)	
Charging time						
Regular	hour (approx.)				5.5*	
Quick	min. (approx.)				25 (up to 80% capacity)	
Performance						
Fuel consumption						
NEDC Weighted	litre/100km				1.8	
WLTP Weighted	litre/100km				2.0	
CO ₂						
NEDC Weighted	g/km				40	
WLTP Weighted	g/km				46	
Electricity consumption						
NEDC Weighted	Wh/km				148	
WLTP Weighted	Wh/km				169	
Electric driving range						
NEDC Weighted(All Electric Range)	km/charge				54	
WLTP Weighted(Equivalent All Electric Range)	km/charge				45	
WLTP Weighted(Equivalent All Electric Range City)	km/charge				57	
Max speed in EV mode	km/h				135	
Minimum turning radius	m				5.3	
Towing capacity (with brake)	kg				1,500	
System Output**	kW/(PS)				165 (224)	
Transaxles						
Total gear ratio						
Front	Engine				3.425	
	Motor				9.663	
Rear	Motor				7.065	
Suspensions						
Front					MacPherson strut with stabiliser bar	
Rear					Multi link trailing arm with stabiliser bar	
Brakes						
Front			16" Ventilated disc brakes (2-pot)	17" Ventilated disc brakes (2-pot)		
Rear			Solid disc brakes			
Steering						
Type			Rack and pinion with electric power assist			
Loads						
Kerb weight	kg		1,890	1,900		
Gross vehicle weight	kg		2,390	2,390		
Luggage room volume	litre		463			
Tyres and Wheels						
Tyres (front and rear)	Standard		215/70R16	225/55R18		
Wheels (front and rear)	Standard		16" x 6.5J alloy	18" x 7.0J alloy		

■ WLTP and NEDC measured under the different methods. Therefore, there is a difference in the emission value on the specification chart.
* With 230V/10A electric power supply. 7 hours with 230V/8A electric power supply.
** Measured by MITSUBISHI MOTORS CORPORATION. Actual performance may vary in some cases.

Note: Hazardous driving may cause serious injury or vehicle damage. Please drive safely at all times.

NOTES ON SMARTPHONE LINK DISPLAY AUDIO

- In order to activate Android Auto or CarPlay, the smartphone's operating system (OS) must be minimum, Android 5.0(Lollipop) or higher / iOS 8 or higher.
 - Despite the expansion of supporting countries, Android Auto and CarPlay are NOT available in some markets. Please check the website for the latest information on availability.
– Android Auto: <https://www.android.com/auto/#country-list>
– CarPlay: <http://www.apple.com/ios/feature-availability/#applecarplay-applecarplay>
 - Android Auto and CarPlay may not work under weak or no network condition even in supported areas.
 - Customer is responsible for all communication fees. Also customer may be charged extra fees based on their contracted price plan by the telecom carriers.
- Customer may be requested to subscribe for roaming services by the telecom carriers when using in other countries.
 - Not all smartphone Apps are compatible with Android Auto or CarPlay.
For safety reasons, only compatible apps are available in this Smartphone Link Display Audio.
 - Some features or apps may not be available for all countries or all areas.
 - The images used may not reflect the latest updates.
 - Please check this website to confirm smartphones compatibility with Smartphone Link Display Audio. <http://www.iopinfo-sda.mitsubishi-motors.com/cs/bt/index.php>
 - It does not have navigation function in the SDA itself.

Note: Equipment may vary by market. Please consult your local Mitsubishi Motors dealer/distributor for details.
